

## NEW STORE OPENINGS

### **EAST HILL CABINETRY**

127 Woodside Ave  
Briarcliff Manor (914) 432-7341

While this 2,000-square-foot cabinetry showroom is new, its father-and-son co-owners have more than 30 years of combined experience in residential construction in the region. Thanks to an in-house mill shop, East Hill offers both custom and semi-custom alternatives for kitchens, bathrooms, home offices, entertainment centers, laundry rooms, and closets, depending on the customer's needs and budget. Featured are the Wellborn and Mouser cabinetry lines as well as such countertops and surface materials as Silestone and CaesarStone (types of engineered quartz) and granite. It is one of only five showrooms in the U.S. to offer Dinovo Cucine frameless cabinets imported from Italy. Complimentary design consultations and estimates provided.
